EAGLES S.O.A.R  
(Safe Organized Accountable Respectful)

Dear East Lake Parents and Caregivers,

Have you ever been met with a shrug or an “I don’t know when you ask your Eagle “how was it?” at the end of the day? Me too with my own small humans. Other days we are met with many, many details regarding everyone and everything. Just so you know, we also have the same interactions with our Eagles at school. Sometimes we don’t get much and sometimes we hear a lot about what happens on the weekend and at home.

My own small humans respond best after snack and with the question “what was the best part of your day?” Often something very specific comes up and then they suddenly have many things to share. It makes me happy when they in turn ask me about the best part of my day. Since coming to East Lake, it is very hard to come up with just one thing. I shared with the staff at the Professional Learning Day that I am very grateful for the warm, safe, and welcoming atmosphere our school has. In short, East Lake is the ideal space for learning as a student or as an adult new person like me.

As a new project, we have created two platforms to share our daily stories with you. It is truly incredible how much is happening in our school at any given time. The hope is to capture some of these moments to highlight our learning days in the community and spark some conversations at home. East Lake truly has so much to highlight and celebrate!
