

# NEWS FROM THE NEST

June 15 – 19, 2020

EAGLES S.O.A.R

(Safe Organized Accountable Respectful)

For the first time in my career in education the relief of the end of the school year will be shared by as many parents as it is by the students and staff. I'm sure that I'm not alone in wanting this very challenging year to be over combined with the hope that the Education Minister is correct in feeling that we will be able to start in September in a more normal format. I have included links below to the documents provided by Alberta Health that will act as guidelines for the re-entry plans created by the individual school jurisdictions for the upcoming school year.

This week will mark the last learning template being sent out by our classroom teachers as the year starts to wind down. We will use this week to conclude any new instructional pieces and next week will include time to finish tasks that haven't yet been completed with final report cards being sent home on June 26<sup>th</sup>. In a typical year we usually end the year with some fun whole school activities like our sports field day and this year we will have to rely on some virtual fun events like our Math Fair Week that kicks off on June 15<sup>th</sup> and our Student Council is looking forward to our online Talent Show. Another fun happening that typically occurs in our school is when our resident "Mother Duck" Ms. Driver hatches her flock in an incubator. This year she had to do it while in quarantine and here is a link to her ducklings first swim for all to enjoy:
