

NEWS FROM THE NEST

January 11 – 15, 2021

EAGLES S.O.A.R
Safe Organized Accountable Respectful)

What's the old saying? *Been there, done that, don't ever need to do that again.* So applicable to so many things in our world right now as we return to scenario 1 for our in-class students.

We would like to thank everyone for their support over this past week in helping our students with the transition to online learning. We know that it requires a significant commitment by parents for our students to complete their studies online whether it is for a week or in many cases the entire school year and for this we are grateful. Our Gotchas are handed out weekly to students for their positive behaviours and this week they were dominated by students showing how resilient our learners can be. A huge thank you goes out to all of our students, parents, and teachers for their continued support of student learning over this past week.

On Monday, as our students and staff who are participating in in-person learning are heading back to our school, RVS will be opening the SchoolEngage link in the PowerSchool Parent Portal for all parents to express their intention of the learning method (online or in-person) that they would like for their child(ren) from February 8th to the end of the school year. We are asking that all parents complete this by Friday. Once all of this information has been compiled it will result in some shifting of staff and students, and it may require some movement of students from their current classes to aide in balancing numbers in response to the overall change requests. We will ask for your patience as we navigate through this process, and we understand that change never occurs at the pace that is desired by most.

Even as this week is officially the second one of 2021 school year it may seem more like the first for many of us. In knowing this, we will expect that considerable attention will need to be given to reinforcing routines once again this week.

Sincerely,
Jordan Fenton
